

JTCamp DAY CAMP

What is a day camp?

A "Day Camp" is the shorter version of our regular JTCamp without the overnight. It can be arranged by week, with various timings and options. It is a great opportunity for your children to take a look at our great Camp before staying for a full session the next month or next year. Furthermore, campers have the option to sleep at their parents' hotel nearby or apartment. Of course we'll be glad to arrange lodging for the parents too so you don't have to worry about booking it yourself.

What do we offer?

While registering for the Day camp, you will be presented with a program for the duration of the stay of your child that we will agree on.

We operate from our regular opening dates as stated on the website.

In general, the week is organized as per below calendar (all timings in 24 hours format)

How do I book / organize / pay / drop-off my child / pick her / him up ?

1. Schedule a meeting with our Directors and we'll setup a personalized program for your child to take home with you, with precise timings and information such as packing list.
2. Sign the agreement
3. Pre-pay the program either cash or credit card (surcharge of 3 percent)
4. You will have to organize the drop-off and pick-up of your child. We may organize it on your behalf at extra charge if you prefer.
5. Please note that the regular camp conditions are also valid for day campers.
6. At the end of the stay, you will have the possibility to extend the stay, choose other options
7. A minimum of 5 days is required, although we might be able to make exception
8. Please note that availability is very limited

My child loves it so much and wants to extend or even stay overnight at the Camp until the end

This happens very frequently especially due to the fact that your children will meet new friends and want to participate in all the activities together. This is why we offer you the option to transform your pre-booked program in a form of a credit towards the regular full board stay any time.
